

FASTER - BETTER - MORE ERGONOMIC WELDING

WELDING TABLE WITH SWIVEL FUNCTION

RELAXED WORK THROUGH A PLUS IN FLEXIBILITY

ADVANTAGES

Our FÖRSTER reversible welding tables offer maximum ease of work for all-round welding of complex assemblies.

The FÖRSTER reversible welding tables can be rotated through 360° and can be conveniently moved into any working position.

PROPERTIES

FÖRSTER reversible welding tables are equipped with an electromotive rotary drive which enables a stepless positioning of the table surface.

Covered with heavy-duty rails made of weld-spatter resistant special grey cast iron (GG) or a non-ferriGc alloy (Al/Cu).

All models are equipped with 12 rails to allow access to the weld seam from all sides.

With a load of up to 1.5 t, even heavy assemblies can be positioned safely.

Highest quality, Made in Germany!
